

# MF1700-M1 PLUS

(ABS design)

Roll Laminating & Cutting Machine

- MF1700-M1 PLUS is a fully auto heat assisted roll laminator with new ABS design for applying self-adhesive, pressure sensitive adhesive laminated up to 1630mm/64".
- Equipped with smart entry system, you can be easy to check Speed, Temperature, Lamination Records at the same time. Precise vertical cutter will cut the waste edge with efficiency during lamination.

## Performance

**ENTRY**

- New ABS design, strong and fine looking.
- MEFU smart entry system for easy checking Speed, Temperature, Lamination Records. Rear panel also available to adjust Speed.
- High quality glue-free 120mm silicon rollers have more reliability and durability for long time use.
- Vertical cutting system can fully adjust to trim the edges. The safety tungsten steel blades can be applied over 15000m with sharp cutting.

## Parameter

MF1700-M1 PLUS

Max Lam Width	1630mm/64"
Max Lam Thickness	28mm/1.1"
Max Speed	9m/min
LED Panel	Temp, Speed, Lamination Records
Heating	Top Heated
Max Temp	60°C
Foot Pedal	Single foot pedal
Control Panel	Front and Rear
Up and Down	Pneumatic
Roller	120mm Silicon
Trimmer Holder	2 Single and 1 Double Central blade
Power	1600W
N.W.	150KGS

## Operation
